

The Life of Brian - Hanscomb Retrospective

15th October-9th November 2011

Known as Britain's leading Copper-plate engraver alive today, we were proud to exhibit the first full retrospective of Brian's exquisite work and be joined on the opening by the man himself.

Inspired by Zen Buddhism, Quakerism and his local area of Bodmin Moor, Cornwall, Brian Hanscomb is known for the unique intricacy of his engravings and bold pastille abstracts
